

ILLINOIS INTERNATIONAL BUSINESS CALENDAR

May 13, 2024

The *Illinois International Business Calendar* is published by the International Trade Association of Greater Chicago (ITA/GC). The *Calendar* is also available on our website: www.itagc.org. It is published every Friday, and available at no charge.

Inclusion Policy: As a public service to the international business community, we publish a listing of **international business events** for which we receive **written** notification, preferably by e-mail (info@itagc.org). Any organization may submit events that would be of interest to **and are open to** the Illinois international business community. There is no charge. All calendar listings are subject to the editor's discretion. Inclusion of an event does not imply endorsement by any of the sponsoring organizations.

Founded in 1978, the International Trade Association of Greater Chicago (ITA/GC) is a not-for-profit, 501(c)6 voluntary business association dedicated to promoting international commerce in all its forms. The ITA/GC provides a forum for the exchange of practical information and insight within the international business community. Members share interests in import and export matters, in international investment, alliance, and licensing opportunities, and – in the broader sense – doing business across the world.

The ITA/GC's focus is on practicality: on building knowledge and enabling relationships that help people do international business. While our scope of interest is diverse – all aspects of trading and commercial activity across all geographies and all industries – our work is simple: **to help others gain understanding that is personal, current and actionable.**

New events, and events with additional/revised information, are indicated in Green.

FEATURED ITA/GC PROGRAM

HELPING YOU GAIN UNDERSTANDING THAT IS PERSONAL, CURRENT & ACTIONABLE

May 29 **KNOW YOUR CUSTOMER: PROTECTION FROM SCAMS & FRAUD.** Luncheon program sponsored by the International Trade Association of Greater Chicago with the Illinois District Export Council and the U.S. Commercial Service Chicago. Presentations by **Louise M. Kern**, President, GloBIS and **Monica Toporkiewicz**, Senior International Trade Specialist, U.S. Commercial Service Chicago. This program will arm you against fraudsters' attacks by highlighting their vulnerabilities, teaching you to recognize telltale signs of a scam and introducing you to U.S. Commercial Service programs to help you find the right international business partners and succeed in winning new markets for your goods or services. 11:45 a.m. – 2:00 p.m., Carlucci Rosemont, 6111 North River Road, Rosemont, IL. Sponsors & their guests – \$55; Non-members - \$75. For information & registration, please see: <https://www.eventbrite.com/e/know-your-customer-protection-from-scams-fraud-tickets-888374982487>.

Of Note:

Creating a Rationale: An Analysis of the UK's MoU Initiative with U.S. States: As of March 2024, the UK has signed eight Memoranda of Understanding (MoUs) with U.S. states. This [paper](#) offers a comprehensive analysis of all the MoUs, by delving into their structures, objectives, areas and industries of focus, implementation mechanisms and means of cooperation, and progress monitoring. The report underscores the value of these agreements in fostering economic collaboration, while emphasizing the need for a clear strategic vision, coordinated implementation, and transparent communication to maximize their long-term economic value.

USITC Announces Comment and Hearing Schedule for USMCA Automotive Rules of Origin Report: The U.S. International Trade Commission (USITC) is inviting interested parties to [comment](#) on the US-Mexico-Canada Agreement's (USMCA) automotive rules of origin. Parties will have until **September 24, 2024** to request an appearance at the October 8, 2024 hearing, as well as an opportunity to submit prehearing and post hearing briefs.

USTR Releases 2024 Special 301 Report on Intellectual Property Protection and Enforcement: The Office of the United States Trade Representative (USTR) released its [2024 Special 301 Report](#) April 25 on the adequacy and effectiveness of U.S. trading partners' protection and enforcement of intellectual property (IP) rights. This annual report details USTR's findings in a review of more than 100 trading partners after significant research and enhanced engagement with stakeholders.

USCBC Releases Annual Report on US Exports to China: The US-China Business Council (USCBC), a private, nonpartisan, nonprofit organization of 270 American companies that do business in China, released its annual [US Exports to China](#) report, which provides an overview of the most recent data available on US goods (2023) and services exports (2022) to China and the American jobs supported by those exports (2022). The US-China trade relationship has grown steadily for decades, but those ties weakened for US goods exports in 2023. US goods exports to China dropped by 4.3 percent in 2023 after reaching a record high the year before. On the services front, US exports to China increased in 2022 but had not recovered from the shock of the COVID-19 pandemic.

Trade Growth Likely to Pick up in 2024 in Spite of Challenging Environment: Ralph Ossa, WTO Chief Economist, [foresees](#) a gradual recovery in world merchandise trade volume in 2024 and 2025. This follows a contraction in 2023 driven by the lingering effects of high energy prices and inflation in advanced economies, particularly Europe. Specifically, we expect merchandise trade to grow by 2.6% in 2024 and 3.3% in 2025 after falling by 1.2% in 2023. However, there is a downside risk due to regional conflicts, geopolitical tensions and economic policy uncertainty.

New Global Services Trade Data Hub Offers Extensive, Tailored Access to WTO Data: The new Global Services Trade Data Hub now available on the [WTO website](#) provides access to comprehensive data on services trade. It provides visualizations and customizable features for download – catering to the diverse needs of trade negotiators, analysts, researchers and decision-makers – to deliver insights into global services trade. Four separate WTO datasets are available, covering digitally delivered services, trade in services by mode of supply, trade in commercial services, and the WTO-OECD Balanced Trade in Services dataset.

Introduction to Doing Business in Asia 2024 Guides: The Introduction to Doing Business guides by Asia Briefing, a publishing subsidiary of Dezan Shira & Associates, have been updated for the latest regulatory changes in 2024 for [China](#), [Vietnam](#), [India](#), and [ASEAN](#) (Southeast Asia). Each guide covers the main compliance requirements your business will need to fulfil, as well as a corporate establishment walk-through for each country or region. The guides are free to download.

USTR Releases 2024 National Trade Estimate Report on Foreign Trade Barriers: United States Trade Representative Katherine Tai released the [2024 National Trade Estimate Report on Foreign Trade Barriers](#) (NTE Report), which provides a comprehensive review of significant foreign barriers to U.S. exports of goods and services, U.S. foreign direct investment, and U.S. electronic commerce in key export markets for the United States.

U.S. Remains World's Top Destination for Foreign Direct Investment for 12th Consecutive Year: The United States has been ranked as the top destination for foreign direct investment for the 12th consecutive year according to Kearney's Global Business Policy Council's [2024 Foreign Direct Investment \(FDI\) Confidence Index](#). The strength of the US economy – the fastest growing in the G7 – and rebounding consumer sentiment likely supported this score. Canada also makes a strong showing, maintaining its second-place rank and forming part of the top five markets for the 12th consecutive year. China jumps from 7th position to 3rd, which could be explained in part by its loosening of capital controls for foreign investors in Shanghai and Beijing in September 2023.

U.S. – Cuba Agriculture Business Conference: The United States Agriculture Coalition for Cuba's annual high-level [business conference](#) is set for May 12-16 in Havana, Cuba. If you want to find new trade opportunities, this is your chance. Trade is increasing as Cuba's private sector expands. Meet the policy makers from the ministries that impact agriculture production and trade. Exchange business contacts with the private sector, producers, buyers, and processors. Learn about recent policy changes affecting agriculture trade, investment, and production. For details, contact Paul Johnson at: johnson@focus-cuba.com.

New Chamber Report Reaffirms Digital Trade's Enormous Benefits: The U.S. Chamber of Commerce on March 19 released a [report](#) showing digital trade – from telemedicine to GPS-enabled cars to streaming movies – supports more than 3 million American jobs. The digital economy fuels growth, prosperity, and dynamism across the U.S., accounting for \$2.6 trillion in GDP in 2022, a sum equivalent to 10% of all U.S. economic output. The report shows the vast increase in digital trade across the U.S. and breaks down on a state-by-state basis how many jobs are supported by digital trade, as well as revenue earned through digital exports.

USTR Releases President Biden's 2024 Trade Policy Agenda and 2023 Annual Report: The Office of the United States Trade Representative has released President Biden's [2024 Trade Policy Agenda and 2023 Annual Report](#) to Congress, which details USTR's work to advance President Biden's trade agenda. The President's 2024 Trade Policy Agenda stands up for workers' rights and sustainable trade practices, supports U.S. farmers, ranchers, fishers, and food manufacturers, bolsters supply chain resilience, addresses unfair policies and practices, and advances inclusive, durable trade policy through expanded engagement.

USTR Releases Annual Report on China's WTO Compliance: Just released, “this [report](#) details the breadth and scale of China's non-market policies and practices and the serious harm that they cause to workers, businesses, and industries in the United States and around the world. It is a stark reminder that the members of the international trading system must continue to work together to defend our shared interests against these many harmful policies and practices, particularly in sectors targeted by China's industrial plans,” said USTR Katherine Tai.

Annual Report on the U.S. Manufacturing Economy: 2023: Recently released by the National Institute on Standards & Technology (NIST), this [report](#) provides an overview of the U.S. manufacturing industry with three aspects of U.S. manufacturing considered: (1) how the U.S. industry compares to other countries; (2) the trends in the domestic industry; and (3) the industry trends compared to those in other countries. The study provides aggregate manufacturing industry data and industry subsector data to develop a quantitative depiction of the U.S. manufacturing industry.

Handbook on Measuring Digital Trade: In response to growing demand for coherent and comparable data on digital trade, the OECD, WTO and IMF produced the first edition of the Handbook on Measuring Digital Trade in 2019. The Handbook formalized for the first time a statistical definition of digital trade which focuses on the nature of the transaction: “digital trade is all international trade that is digitally ordered and/or digitally delivered.” Building on the first edition, the IMF, OECD, UNCTAD and WTO have produced a second edition of the [Handbook on Measuring Digital Trade](#), published in 2023 which provides clarifications on the concepts and definitions related to digital trade, and to the guidelines on how to operationalize them.

- Aug. 19 - ***SUB-SAHARAN AFRICA RAIL AND PORT TRADE MISSION (SOUTH AFRICA & ANGOLA).***
24 Organized by the U.S. Department of Commerce, International Trade Administration, U.S. and Foreign Commercial Service, Global Automotive and Smart Mobility Team, the mission will include participation at the South African Railway Association's SARA Conference from August 20- 23 in Johannesburg South Africa. Participation in the trade mission will include tickets to attend the SARA Conference for each registered U.S. company participant as well as tailored assistance to help connect company delegates with sub-Saharan Government Transportation officials, private-sector railway and port companies and prospective business partners. U.S. companies mission participants will have several opportunities to network with prospective partners and sub-Saharan government officials, U.S. interagency project financing agency representatives from the Development Finance Corporation, U.S. Export-Import Bank, U.S. Trade and Development Agency and Prosper Africa, and rail and port equipment, technology, and management companies at both the South Africa and Angola stops. For information & registration, please see: <https://events.trade.gov/Sub-SaharanAfricaRailandPortTradeMission/>.
- Sep. 22 - ***TAIWAN UNCREWED AIRCRAFT SYSTEMS (UAS) AND COUNTER-UAS (C-UAS) BUSINESS***
25 ***DEVELOPMENT MISSION.*** Led by the U.S. Department of Commerce, the objective of this mission is to advance U.S. national interests and focus on meeting Taiwan market demand for U.S. UAS and C-UAS commercial and defense solutions. Participating U.S. firms will explore market development opportunities, gain market insights, make industry contacts, solidify business strategies, and advance specific projects with the goal of increasing U.S. exports and services in the aerospace and defense sectors. For information & an application, please see: <https://www.trade.gov/aerospace-defense-trade-mission-taiwan>.
- Sep. 25 - ***AEROMEDICAL TRADE MISSION TO BRAZIL.*** Organized and led by the U.S. Department of
27 Commerce, the goal of the Mission is to introduce U.S. suppliers to the growing aeromedical sector in Brazil, strengthen existing connections between aeromedical suppliers and their Brazilian clients, develop new connections for U.S. companies in the sector, and increase the capacity of Brazilian aeromedical operators, which will lead to additional opportunities for U.S. companies' exports. The trade mission will connect U.S. companies directly with the public sector (federal police, fire departments, and the defense secretariat) and private sector (aeromedical operators/outfitters, maintenance repair and overhaul companies and local business representatives) to sell goods and services in the identified subsectors of aircraft and helicopter sales, medical equipment needed for conversions of existing aircraft, flight simulators, and training for pilots, doctors, and nurse crews in aircraft. For information and an application, please see: <https://www.trade.gov/aeromedical-trade-mission-brazil-2024>.
- Nov. 17 - ***GLOBAL DIVERSITY EXPORT INITIATIVE (GDEI) TRADE MISSION TO THE CARIBBEAN***
22 ***REGION.*** Organized by the U.S. Commercial Service, the mission will include the "Opportunities for Minority-Led Businesses in the Caribbean Region Conference" in Santo Domingo, Dominican Republic on November 17-18. Selected participants will either engage in business-to-business (B2B) meetings in Santo Domingo if approved for the Dominican Republic Trade Mission, or travel to other markets in the region to engage in B2B appointments in those markets. B2B meetings will be conducted with pre-screened potential buyers, agents, distributors or joint-venture partners, in the selected city/market in the Dominican Republic, and/or Barbados/Eastern Caribbean, and/or Guyana, and/or Jamaica, and/or Suriname, and/or The Bahamas and/or Trinidad and Tobago. The mission is horizontal, with various sectors represented, based on best prospects for U.S. companies in the Caribbean region, such as automotive parts and services, consumer goods, construction equipment/road building machinery/building products/infrastructure projects, medical equipment and pharmaceuticals, ICT, energy equipment and services, safety and security equipment, hotel and restaurant equipment, franchising, manufacturing equipment, yachting/maritime services/sailing equipment, marine ports, aviation/airports, tourism and related construction, waste management, and water treatment and supply. For information & registration, please see: <https://events.trade.gov/en/TradeGov/GDEITradeMissionCaribbeanRegion/>.

- Dec. 8 - ***GLOBAL DIVERSITY EXPORT INITIATIVE TRADE MISSION TO SAUDI ARABIA***. Led by the U.S. Department of Commerce, the mission will offer women-owned, -led, and -operated businesses important market insights and meetings with pre-screened foreign business partners and key decision-makers. Included: B2B matchmaking meetings with pre-screened potential buyers, agents, distributors, or joint-venture partners will provide participants with substantive information on strategies for entering or expanding their business in Saudi Arabia, key contacts with Commercial Service officers and local staff, and networking opportunities to build vital business relationships. For information & registration, please see:

About the ITA/GC

Founded in December 1977, **The International Trade Association of Greater Chicago (ITA/GC)** was incorporated in January 1979 as an Illinois not-for-profit, voluntary business association dedicated to promoting international commerce in all its forms by providing a forum for the exchange of practical information and insight within the international business community. The ITA/GC's focus is on practicality: on building knowledge and enabling relationships that help people do international business. While our scope of interest is diverse – all aspects of trading and commercial activity across all geographies and all industries – our work is simple: **to help others gain understanding that is personal, current and actionable.**

Annual membership dues are: Individual - \$150; Consular/Diplomatic - \$75 (up to 3 members); Academic/Faculty - \$200 (up to 8 designated faculty members); Student from a participating academic institution - \$25; Regular student - \$50; Associate/Non-resident (more than 150 miles from O'Hare International Airport) - \$50; Retired/Job Transition - \$50; Corporate (up to 8 designated members) - \$300.
